Hanson McClain Retirement Network LLC (the Company) was formed as a Limited Liability Company in California in July, 1998, with a termination date of July 1, 2028. Under this form of organization, the members are not liable for the debts of the Company.

The Company registered as a broker-dealer with the Securities and Exchange Commission in February, 2000, and is a member of the National Association of Securities Dealers. The Company provides marketing and training support to independent financial advisors.

Accounting

These financial statements are prepared using the accrual method of accounting.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Receivables

The Company considers receivables to be fully collectible and accordingly, no allowance for doubtful accounts has been provided. If amounts become uncollectible, they will be charged to operations when that determination is made.

Equipment purchases greater than \$1,000 are recorded at cost. Maintenance and repairs are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful life (5 to 7 years) of the asset.

February 1, 2005

To the Members Hanson McClain Retirement Network LLC Folsom, California

We have audited the financial statements of Hanson McClain Retirement Network LLC for the year ended December 31, 2004, and have issued our report thereon dated February 1, 2005. As part of our audit, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by U.S. generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary to express an opinion on the financial statements.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Hanson McClain Retirement Network LLC, that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-5(g)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Since the Company does not maintain customer accounts and does not handle securities, we have not made a study of the practices and procedures (including tests of compliance with such practices and procedures) relevant to the objectives stated in rule 17a-5(g) for (1) making the quarterly securities examinations, counts verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures as referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with

To the Members Hanson McClain Retirement Network LLC February 1, 2005 Page Two

management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any system of internal accounting control of the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projections of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Hanson McClain Retirement Network LLC, taken as a whole. Our study and evaluation disclosed no condition that we believed to be of material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives and nothing came to our attention that would indicate the Company had not complied with the condition of its exception under rule 15c3-3 during the year then ended.

This report is intended solely for the use of management and the Securities and Exchange Commission and other regulatory agencies pursuant to their requirements and should not be used for any other purpose.
